

"How to Watch a Game You Never Dealt"

New From George Joseph's Worldwide Casino Consulting...

"I broke into the gaming business in 1974. You were either a 21 dealer who could deal Roulette or a Crap Dealer... *"Case Closed."* There was no Mini-Bacc or all of the Carnival Games... *"Hell"* There was No Surveillance...! Skip ahead to the early 1990's and here came all of those new games... Caribbean Stud Poker, Let It Ride Poker, TCP, UTH, MS Stud, Pai Gow Poker and on and on. Many floor people and pit bosses were now tasked with watching casino games they never dealt and many did not understand Poker and the various Advantage Plays for those games.

Because of budget constraints in today's gaming world the reality is that in many casinos we have fewer floor people watching more games and watching games they may never have dealt and may not fully understand.

QUESTION: "In which of the following casino games can a player ever have the legal advantage over the house?"

- | | |
|--------------------|------------------------|
| • Blackjack | Craps |
| • Roulette | Baccarat - Mini Bacc |
| • Three Card Poker | Ultimate Texas Hold Em |
| • Pai Gow Poker | Mississippi Stud |
| • Let It Ride | Caribbean Stud Poker |

The Answer is... *"All of the Above"*. You might be surprised to learn how a player could have the Legal Advantage over the House in Craps or Roulette

This presentation, "How to Watch a Game You Never Dealt" guides floor personnel and surveillance through Critical Dealing Procedures, Game Protection Issues and Advantage Plays for each casino game... Here is a small sample extracted from this program;
